Enthusiastic and detail-oriented Frontend Developer with strong skills in HTML, CSS, JavaScript, and React.js, along with experience in building responsive, static websites using Tailwind CSS. Also familiar with backend development using MERN giving a well-rounded understanding of full-stack workflows. Eager to apply and expand skills in a collaborative environment while contributing to real-world projects.

EXPERIENCE

React Developer

Baneshwor

Softech Foundation Pvt. Ltd.

Dec, 2024 - Feb, 2025

I recently completed my internship at Softech Foundation Pvt. Ltd. as a React Developer, where I worked on developing and improving the website using React. I implemented dynamic routing, used React hooks like useState and useEffect, and focused on enhancing the website's performance and user experience. I also used Git and GitHub for version control and collaboration throughout the project.
